DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Tarek Fahmi on June 18, 2008.

Cancel claims 1-4, 10-12 and 16-20.

The following is an examiner's statement of reasons for allowance:

Claim 13 is allowed.

The prior art discloses seaming of data streams and filling in missing data packets by repetitive resubmission of the same data stream.

The prior art however fails to disclose a proxy seaming together data streams received from the content source across the multiple connections before storing a resultant seamed stream to a computer readable medium, and the proxy constructing the seamed stream by filling in information gaps in any of the data streams received from the content source with content derived from others of the data streams received from the content source.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
